NE080 AND NE060 WARM AIR RETURN.
NE050, COLD AIR DISCHARGE

This cutout serves all NE080 (8000 BTU/H),
NE060 (6000 BTU/H) and NE050 (5000 BTU/H units)
in 115 volt and 230 volt applications.

View is from ambient side,
outside enclosure.
Opposite side of this template is toward enclosure.

The cutout is used for the following:
- Air conditioner outline
- Outline and installation cutout template
- Verify accuracy before using
- Cold air discharge
- Warm air return

Dimensions are in inches.
